Activity Submission

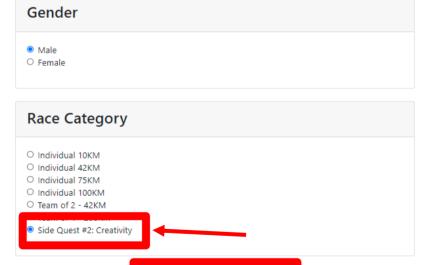

To submit your activity, select your gender and race category below and click on the "Submit Activity" button. You will then be redirected to a Google Form (Google sign in will be required). Fill in the form with your details and upload a screenshot of your activity. Do ensure that the **DATE** and **DISTANCE** is included in your screenshot, otherwise we will be unable to verify your activity! A sample screenshot is shown on the right.

Do take note that if you would like the activities submitted as part of this week's challenge to count towards your accumulated distance, the same activity must be submitted twice:

- Once under the "Side Quest" race category
- . Once under the race category that you have signed up for

For more information regarding the submissions process, you may refer to our following guides:
